

**Office of the Commissioner for
Federal Judicial Affairs Canada**

**Quarterly Financial Report
for the quarter ended
December 31, 2014**

Canada

**Statement outlining results, risks, and significant changes in
operations, personnel, and program**

1. Introduction

This Quarterly Financial Report (QFR) has been prepared by management as required by section 65.1 of the *Financial Administration Act* and in the form and manner prescribed by the Treasury Board Accounting Standard 1.3. This QFR should be read in conjunction with the *Main Estimates* and *Supplementary Estimates*. It has not been subject to an external audit or review.

1.1 Mandate

The Office of the Commissioner for Federal Judicial Affairs (FJA) Canada was created in 1978 under the authority of the *Judges Act* to safeguard the independence of the Judiciary and to put federally appointed judges at arm's length from the administration of the Department of Justice. It exists to promote better administration of justice and focuses its efforts on providing a sound support role to the federal judiciary.

It administers three distinct and separate components that are funded from different sources. Statutory funding is allocated for the judges' salaries, allowances and annuities, and surviving beneficiaries' benefits. Voted appropriations are provided in two separate votes to support the administrative activities of FJA and the Canadian Judicial Council (CJC).

The administration of FJA is structured to reflect the distinctiveness of its role in supporting federal judicial activities. Under the Program Alignment Architecture, in addition to Internal Services, the organization is broken down into three programs: payments pursuant to the *Judges Act*, CJC, and FJA. FJA's organizational priorities are improved financial control framework, improved performance reporting, human resources and succession planning, and information management.

Further details about FJA's authority, mandate, and programs can be found below and in FJA's *Report on Plans and Priorities* (RPP), *Main Estimates* and *Supplementary Estimates A* located on FJA's and the Treasury Board websites at www.fja-cmf.gc.ca and www.tbs-sct.gc.ca.

1.2 Basis of Presentation

This QFR has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes FJA's spending authorities granted by Parliament and those used by the department consistent with the *Main Estimates* and *Supplementary Estimates A* for both the 2013-14 and the 2014-15 fiscal years. This QFR has been prepared using a special purpose financial reporting framework designed to meet financial information needs with respect to the use of spending authorities.

Office of the Commissioner for Federal Judicial Affairs Canada
Quarterly Financial Report
For the quarter ended December 31, 2014

The authority of Parliament is required before moneys can be spent by the Government. Approvals are given in the form of annually approved limits through appropriation acts or through legislation in the form of statutory spending authority for specific purposes.

When Parliament is dissolved for the purposes of a general election, section 30 of the *Financial Administration Act* authorizes the Governor General, under certain conditions, to issue a special warrant authorizing the Government to withdraw funds from the Consolidated Revenue Fund. A special warrant is deemed to be an appropriation for the fiscal year in which it is issued.

FJA uses the modified accrual method of accounting to prepare and present its annual departmental financial statements that are part of the departmental performance reporting process. However, the spending authorities voted by Parliament remain on an expenditure basis.

2. Highlights of fiscal quarter and fiscal year to date (YTD) results

FJA is financed by the Government through Parliamentary Appropriations (e.g. Statutory Votes for payments pursuant to the *Judges Act* and Employee Benefits Plans (EBP) and Budgetary Votes to support the administration of FJA and CJC).

Vote-netting is a means of funding selected programs or activities wherein Parliament authorizes FJA to apply revenues collected towards costs directly incurred for specific activities. FJA has the authority to spend revenues received during the year arising from the provision of administrative services.

Changes to Departmental Authorities

As at December 31, 2014 the total authorities provided to FJA increased by \$14.1 million compared with the same quarter last fiscal year. This net increase is comprised of:

- An increase of \$13.3 million in statutory authorities for judges salaries, allowances and annuities;
- Timing difference in the request to release \$700K of frozen allotment earmarked for FJA operating expenditure related to “unforeseeable legal fees for judges and expenses by deputy judges”.
- An increase in CJC’s operating authorities of \$1.6 million pertaining to transitional funding to March 31, 2015 for legal costs associated with investigations and inquiries under the *Judges Act (Budget 2014)*; and
- A decrease in EBP statutory authorities of \$119k.

For the quarter ended December 31, 2014

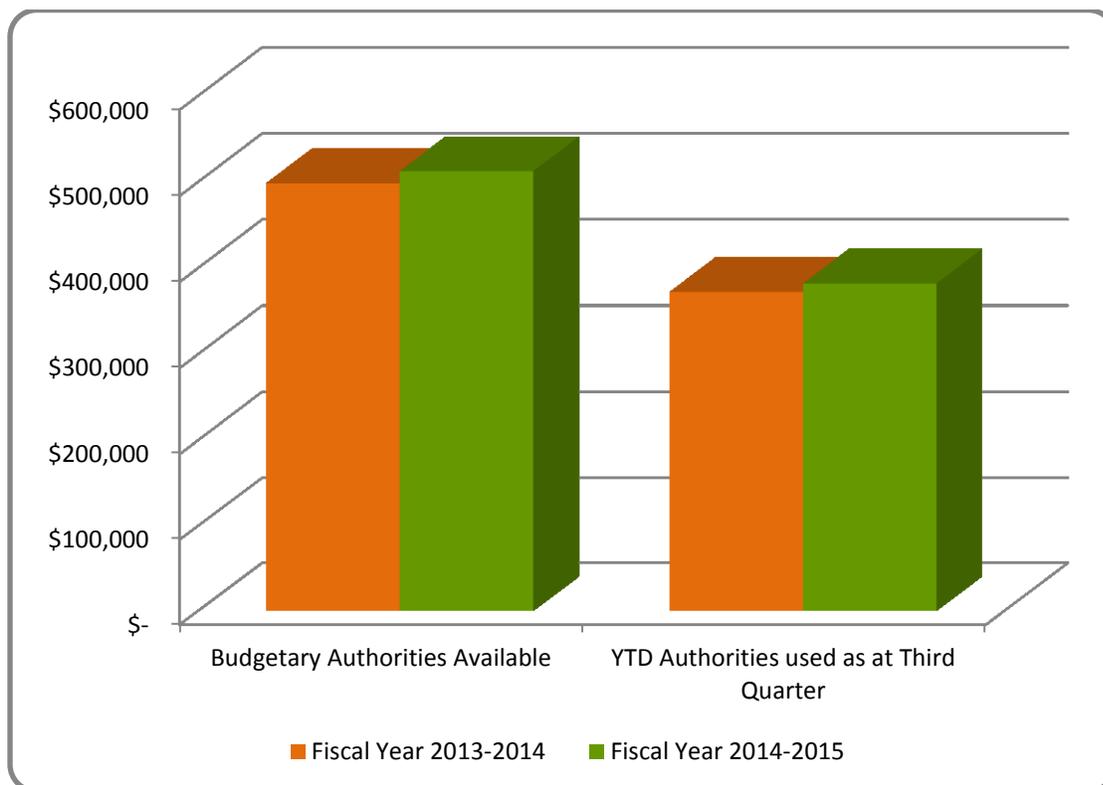

Changes to Budgetary Expenditures

Overall, FJA’s quarterly and year-to-date budgetary expenditures are consistent with that of the previous fiscal year. As at December 31, 2014 the department’s total year –to-date net budgetary expenditures increased by 3% (\$9.9 million) compared with the same quarter last fiscal year. This variance is comprised of:

- A year-to date net increase of 4% (\$12.4 million) in Personnel expenditures (including EBP and judges’ salaries, annuities, and surviving beneficiaries’ benefits issued pursuant to the *Judges Act*); and
- An overall net decrease of 8% (\$2.5 million) for all other non-salary expenditures.

The Government of Canada implemented payment in arrears in 2014-15 for all employees paid on a bi-weekly basis. In May 2014 a one-time transition payment was issued to employees who are paid every two weeks on a ‘current’ basis. This \$185k payment was charged against FJA’s appropriation and is included in the net increase in Personnel expenditures noted above.

Figure 1: Comparison of Authorities Granted and Used

The chart illustrates the variation in thousands of dollars of the annual budgetary authorities granted and used as at December 31, 2013 and 2014.

Office of the Commissioner for Federal Judicial Affairs Canada
Quarterly Financial Report
For the quarter ended December 31, 2014

As at December 31, 2013 and 2014, FJA planned to spend \$498,453,198 in 2013-14 and \$512,559,074 in 2014-15. Authorities used as at the third quarters totalled \$372,205,528 in 2013-14 and \$382,119,555 in 2014-15.

3. Risks and Uncertainties

FJA's environment is complex due to the range of services it provides and the large number of clients served. Recognizing this context, FJA has developed a risk profile and actively monitors internal and external risks through its management team. Concise information about significant financial risks and uncertainties, the potential impact to FJA's 2014-15 financial plan and the strategies adopted to manage these financial risks and uncertainties are briefly outlined below. Further detail about FJA's internal and external risks can be found in FJA's 2014-15 RPP.

This QFR reflects the results of the current fiscal period in relation to the *Main Estimates* for which full supply was released on June 20, 2014, *Supplementary Estimates A* and the year end operating budget carry forward.

FJA continues to operate within its existing reference levels, which have remained relatively constant for several years. The lack of new funding and the focus on addressing gaps and deficiencies at the operating level has limited FJA's ability to make investments in new strategic priorities. FJA has responded to these challenges by reallocating internal resources and identifying efficiencies, however, the ability to continue to do so is limited.

4. Significant changes in relation to operations, personnel and programs

Two budgetary changes are expected in relation to operations, personnel and programs for the coming year. One change concerns the increased number of judicial appointments, pensioners, and statutory expenditures for judges' salaries. The second change concerns increased expenditures for legal obligations for which FJA received \$700k in funding for both 2013-14 and 2014-15.

Quarterly Financial Report
For the quarter ended December 31, 2014

5. Budget 2012 Implementation

FJA was not affected by the strategic and operating reviews. Therefore, there were no new or renewed initiatives and savings measures announced in Budget 2012 that implicated FJA. FJA pursued a range of initiatives to ensure the renewal of legacy systems and alignment with government-wide process and systems. However, as mentioned above FJA has a limited funding capacity. Workload demand for FJA services is increasing in line with demographic changes in the client base, which brings additional operational requirements. For example, the funding necessary to support the additional 2014-15 Supreme Court of Canada appointment process requires reallocation of existing resources.

6. Approval by Senior Officers
